LANGUAGES

Danish, English, German; conversational Ukrainian and Russian

PROFILE

Senior independent consultant for enterprise endpoint platforms, workplace modernisation, and automation.

Trusted in complex SCCM/MECM, Intune, Windows deployment, and security-hardening environments.

Bridges architecture, hands-on implementation, operational handover, and technical escalation support.

SELECTED CONSULTING ENGAGEMENTS

May 2026-Present

Senior SCCM Specialist

Rheinmetall AG

Senior specialist support for Configuration Manager backend services during an IT infrastructure insourcing programme.

- Strengthen MECM/SCCM architecture, operations, and maintainability.
- Improve package standards, client repair patterns, and operational automation.
- Enable Level 2 teams through escalation support and practical technical guidance.

March 2024-Present

Senior SCCM Consultant

AXA Konzern AG

Long-running senior consulting mandate for enterprise SCCM operations and workplace modernisation.

- Maintain and optimise SCCM/MECM backend services in an enterprise environment.
- Support Windows deployment modernisation and transition planning away from MDT.
- Drive process improvement, automation, resilience, and Intune transition topics.

January 2026-June 2026

Senior Modern Workplace Architect

AS-Consulting

Architecture and delivery support for customer modern workplace environments.

- Design endpoint approaches across macOS, iPhone, Android, and surrounding tooling.
- Shape deployment, application-packaging, pilot, and UAT activities.
- Translate customer requirements into implementable workplace solutions.

CERTIFICATIONS & TRAINING

- ITIL Foundation
- MCSA: Windows 8
- Microsoft Exam 70-698: Windows 10
- Administering and Deploying System Center 2012 Configuration Manager (70-243)
- Microsoft SCCM-related training

EDUCATION

Data Technician

EUC Syd, Sønderborg, 2006

IT Supporter

EUC Syd, Sønderborg, 2003

SECONDARY CAPABILITIES

Small-scale AI-assisted documentation, research, and technical automation

SELECTED CONSULTING ENGAGEMENTS

July 2024-July 2025

Cloud Infrastructure / Modern Workplace Architect Rheinmetall AG

Security-oriented architecture work for cloud and endpoint-management services in critical infrastructure contexts.

- Design Intune architecture, policy management, and endpoint hardening.
- Apply NIST and ISO/IEC 27000-aligned principles to MDM architecture.
- Plan offline MECM architecture for complex manufacturing infrastructure.

January 2023-July 2024

Client Solutions Manager Mercedes-Benz Group AG

Solution delivery and coordination role supporting research and development departments.

- Coordinate vendors, reports, deliverables, and internal technical requirements.
- Support ServiceNow, change management, Microsoft 365, Intune, and Windows 11 migration topics.
- Represent stakeholder needs in technical advisory and delivery conversations.

Agency-employed, part-time
